SCOPE OF THE CONTEST

The contest is defined by industry standards as identified by SkillsUSA technical committee, which includes The Burmax Company, WAHL, Pivot Point and National Barber Association.

The contest is divided into four separate skill performance tests with one written and an oral communication competition.

Knowledge Performance

The contest will include a mini résumé, job application and a mini interview. Contestants will have 45 minutes to complete the mini résumé and job application and the mini interview will range 10 to 15 minutes in length.

Skill Performance

The four separate skill performance tests assess skills in haircutting, hair styling, hair color, beard design and coloring. Creativity is assessed in the creative cut and beard design, while haircutting is tested in the recreation of men's haircuts from a photograph.

Contest Guidelines

1. The contest rules will be reviewed the day before the contest. After the review session, contestants will complete the mini résumé, job application and an interview.
2. All contestants must keep their working area clean and organized throughout the contest.
3. All contestants must follow sanitation and safety procedures throughout the contest.

4. Professional attitude and communication is expected throughout the contest.
5. Once time is called, contestant must stop working. Touching the hair of the mannequin after time is called will result in three penalty points.
6. Cellphones are not allowed in the contest area at any time.
7. For the parade finale, the contestant's name, school, city and state and their instructor will be given. Contestants will present their completed mannequins to the audience and judges.
8. The technical committee will supply mannequins for the NATIONAL contest. If this changes in any given year, contestants will be responsible for supplying their own mannequins.
9. Additional items that are needed to complete any portion of 2.0, 3.0 and/or 4.0 maybe be added to kit. They will not be part of the kit check.
 - a. Extra blades for clippers (if needed).
 - b. Attachments for blowdryer (if needed)
 - c. Styling products of choice
 - d. Headlights for the head are allowed (if needed)
10. Items that are **NOT** allowed during the contest for any cut/style: stencils, ornaments, hairpieces, leveling devices, guards, additional free standing lighting or additional extension cords.
11. **NO** alterations allowed to clippers or trimmers; this could be cause for disqualification of contest – this is a safety and sanitation issue
12. Contestants should not wear any jewelry that could interfere with services.
13. Be aware of your personal hygiene and any strong perfumes or colognes; others could have allergies.
14. Instructors may NOT talk to judges or contestants once contest has started; this could cause their student to be dismissed from the contest.
15. Make sure to check the SkillsUSA national website: and the SkillUSA Barbering page on Facebook for any updates prior to the contest.

The SkillsUSA Framework is used to pinpoint the Essential Elements found in Personal Skills, Workplace Skills, and Technical Skills Grounded in Academics. Students will be expected to display or explain how they used some of these essential elements. Please reference the graphic above, as you may be scored on specific elements applied to your project. For more, visit: www.skillsusa.org/about/skillsusa-framework/.

Committee Identified Academic Skills

The technical committee has identified that the following academic skills are embedded in this contest.

Math Skills

- Use fractions to solve practical problems.
- Use proportions and ratios to solve practical problems.
- Solve practical problems involving percents.
- Measure angles.
- Find volume and surface area of three-dimensional objects.
- Apply transformations (rotate or turn, reflect or flip, translate or slide and dilate or scale) to geometric figures.
- Construct three-dimensional models.
- Make predictions using knowledge of probability.

- Solve problems using proportions, formulas and functions.
- Use basic math skills for purpose of marketing and bookkeeping; addition, subtraction, multiplication, division and percentages.

Science Skills

- Describe and recognize elements, compounds, mixtures, acids, bases and salts.
- Describe and recognize solids, liquids and gases.
- Describe characteristics of types of matter based on physical and chemical properties.
- Use knowledge of physical properties (shape, density, solubility, odor, melting point, boiling point, color).
- Use knowledge of chemical properties (acidity, basicity, combustibility, reactivity).
- Describe and demonstrate simple compounds (formulas and the nature of bonding).
- Predict chemical changes to matter (types of reactions, reactants and products; and balanced equations).
- Use knowledge of potential and kinetic energy.
- Use knowledge of mechanical, chemical and electrical energy.
- Use knowledge of heat, light and sound energy.
- Use knowledge of temperature scales, heat and heat transfer.
- Use knowledge of the nature and technological applications of light.
- Use knowledge of simple machines, compound machines, powered vehicles, rockets and restraining devices.
- Use knowledge of principles of electricity and magnetism.
- Use knowledge of static electricity, current electricity and circuits.

Language Arts Skills

- Demonstrate use of such verbal communication skills as word choice, pitch, feeling, tone and voice.
- Demonstrate use of such nonverbal communication skills as eye contact,

posture, and gestures using interviewing techniques to gain information.

- Demonstrate comprehension of a variety of informational texts.
- Use text structures to aid comprehension.

Connections to National Standards

State-level academic curriculum specialists identified the following connections to national academic standards.

Math Standards

- Geometry.
- Measurement.
- Problem solving.
- Communication.
- Connections.
- Representation.

Language Arts Standards

- Students apply a wide range of strategies to comprehend, interpret, evaluate and appreciate texts. They draw on their prior experience, their interactions with other readers and writers, their knowledge of

word meaning and of other texts, their word identification strategies, and their understanding of textual features (e.g., sound-letter correspondence, sentence structure, context, graphics).

- Students adjust their use of spoken, written and visual language (e.g., conventions, style, vocabulary) to communicate effectively with a variety of audiences and for different purposes.
- Students use spoken, written and visual language to accomplish their own purposes (e.g., for learning, enjoyment, persuasion and the exchange of information).
