USE OF TECHNOLOGY CENTER FACILITIES

Standards for Use of School Facilities

The technology center will permit use of school facilities for business or educational purposes. A fee may be charged for the use of facilities.

Providing every student with the best education possible is the primary function and responsibility of the board. Therefore, school-related functions will be given priority when it is necessary to use school facilities. However, the board is also vitally interested in helping other business and educational related activities which support and supplement the efforts of this district.

Procedures for Use of School Facilities

All outside customers who are requesting to use MNTC facilities will be referred to the district’s event planner. The event planner will work with customers to complete the room set up, equipment requests and all other aspects of the meeting or conference needs, including needs which arise during the meeting/conference. Every outside customer, whether paying to use the facilities or using the facilities at no charge, must sign and return the district’s Proposal for Facilities Use which outlines the agreed upon dates, times, purpose, cost (when applicable), and rules for usage. This Proposal will be maintained in the customer’s file.

No event date/time/location is guaranteed until all paperwork has been submitted and approved by the technology center and payment and payment (or a signed purchase order) is received by the event planner.

Prohibited Use

School facilities will not be used for:

1. Meetings which promote subversive teachings and doctrines contrary to the spirit of American institutions;

The applicant will indemnify the technology center for any theft, loss or damage to school property over and above normal wear which might be expected from his/her use thereof, and will make prompt payment for such theft, loss or damage. An indemnity bond or a deposit may be required if circumstances warrant. It is required that users of school facilities will see that the activities are conducted at all times under competent adult supervision. The superintendent or his/her designee will be the judge of unwarranted damages to the school property.

All rooms or areas will be left in as good condition as they were found, except the usual accumulation resulting from normal building use. No applicant may sublet any part of the building area named in the application request. All applications for repetitious use of the school facilities will be renewed at the beginning of each school year and are subject to review by the superintendent.
